CLUB DEVELOPMENT

Volunteers and Officials was again a major focus for 2016-2017. Continuing on with the online volunteer job event registration, this saw every round of the BMXWA Super Series positions filled prior to the event. We would like to take this opportunity to thank all the many volunteers over the season for their time and assistance at events, without you we could not run the events. With around 60 volunteer roles needed at each event, this is a fantastic effort from everyone.

We have been working closely with BMX Australia and our clubs to ensure volunteer accreditations remain current and up to date. States, Clubs and individual members are now be able to check up to date lists of current accredited officials at all levels.

COACHING

With ongoing updates and improvements to the Beginner Coaching Course we have seen another 15 coaches complete the beginner coaching course. Another great addition to our pool of coaches around the state.

A Level 1 Coaching course is planned for the end of 2017, which will see around 10 coaches' upskill their accreditation to take on a higher level of training and allow them to coach and develop a wider range of athletes.

Coaching has become a major part of our clubs, some of which have training and coaching sessions most days of the week, apart from racing days. The use of a BMX facility is now far greater than it has been in the past, with additional coaches now being able to service clubs and athletes at all levels.

Junior Development Program and Coach mentoring was a new initiative introduced later in 2017. This would allow the 12-13 year old riders an insight into what is required in regards to training schedules, future selection to State Squads, and how to handle nerves at big events like State Championships. In conjunction with this it also gave some of our beginner coaches the opportunity to work alongside our senior level coaches and gain valuable skills and understanding in their training and coaching skills. We hope to continue and expand the Junior Development Program and Coach Mentoring in the future.

ELECTRONIC MEDIA

Continuing use of electronic media, BMXWA maintains Facebook as a key platform for member communication. To date we have 1544 'likes' to the page which is a 30% increase from the same time last year. We continue to see the most popular following is from ages between 35-44 years of age. The split of overall followers from all age groups is divided as 44% female and 56% male.

The BMXWA Squad has also recently set up an Instagram page, to give an insight into the activities, events and training sessions throughout the year.

Race day videos of the State Championships and Super Series are being posted on You Tube to the PerthBMX Channel. BMX Sports WA is also active on Twitter with 125 followers to date. Official photographs are available from perthbmx.com

PRESIDENTS REPORT

ATHLETE DEVELOPMENT

The BMXWA State Athlete Development and High Performance Squad program continues to grow and gain support. With another 25 athletes being selected over both groups for 2016-2017. The State Coach – Jade McPherson was appointed in October 2016, along with advisory group members John Bennetts and Shari Callum as part of the new state strategy guidelines.

With travel to events in the Eastern States being a big part and cost of the squad year, athletes were offered the option of group travel. This saves costs to parents and guardians as the athletes travel with the state coach to events.

The group were fortunate enough at the beginning of the season to take part in a training camp at Sleeman Sports Centre in Queensland, and had access to the brand new recovery centre with hot and cold recovery pools on the list of items at the camp.

A very large contingent of not only Australian, but (33) WA riders were selected for the World Championships, held in Rockhill, USA in July/August. Congratulations to all WA riders that attended. Some of our riders bought home world plates, and for those that did not or narrowly missed out, the experience alone at this level of event was well worth the trip. Lauren Reynolds our highest ranked female WA rider again placed in the top 8 at the World Championships. Lauren has also placed again in the top 10 female Elite Women riders in the world on the UCI rankings for the 2017 season.

BMX MINI WHEELERS

BMX Mini-Wheelers are continuing to grow from strength to strength. We currently have 283 registered Mini Wheelers in WA, aged from 2-4 years. The transition from a balance bike (Mini-Wheeler) to a pedal bike within months of learning has increased the skill of these little riders remarkably. They are the grassroots of our sports, and the increase, as well as enormous input from parents at this level is fantastic. We continue to see our sport grow and grow with the introduction of this class only a few years ago.

EVENT REPORT

NATIONAL SERIES 2017

The 2017 kicked off with the BMX Australia National Series starting at Nerang BMX Club on the Gold Coast in early January. BMX Australia's new initiative with the Grands Assault Challenge was also introduced on the second day of the event.

There was another big group of 27 WA athletes to cross the border for the first round, to see how they would start the year off. Some athletes travelled with the State coach, and others their parents. Due to the distance and travel, most athletes leave WA a few days before racing in order to adjust to the time zone, weather and the trip over.

Out of the 27 riders we had no less than 12 finish day 1 in the top 8 riders around Australia. This event also had a large International showing of riders, particularly from New Zealand and Japan.

Our top results from this event came from, Brad Game – Elite Men and Corey Taylor – 15 Boys both with 2nd place overall for the day.

The Grands Assault Challenge was next on the list for day 2 of the event. This was a race newly introduced by BMX Australia for 2017, and the winner at the end of the series in each age group, both male and female would win a trip fully paid for by BMX Australia to the USA Grands, listed as one of the biggest BMX races in the world. WA had quite a few riders coming out in the top 8, but unfortunately unlucky not to secure any 1st places from the Grands Challenge.

The BMX Australia National Series allows the 14 and over age group of riders to race in a standalone series (4 rounds this year) around the country in the months prior to National Championships. Events are classed as C1, HC or CC UCI events which also allows International riders to compete and give the Australian riders a taste of what is out there around the World. For Elite and Junior Elite classes, this is also a point's based system that allows athletes to be ranked in the top of Australia and seeking World Championship selection.

Once all the race action was complete a group of the WA riders headed back up to Sleeman Sports Complex in Brisbane for a 2 day camp before heading back to WA. With valuable time on the track prior to the upcoming National Championships later in the year. Athletes and parents stayed in the Chandler Chalet – school dormitory style of accommodation, which was a great “get to know you” experience for both athletes and some parents that had not travelled before. After checking in the athletes were lucky enough to be the first ever to test out the new hot and cold recovery pools at the new Anna Mears Velodrome. If they didn't know about it before they now all know what an ice bath is like.

Parents and athletes then headed out for a meal and some team bonding (no mobile phones allowed at dinner). The drawing competition held after dinner was a huge success with the winner being the first one to get their mobile phone back after dinner.

EVENT REPORT

NATIONAL SERIES 2017

Sunday morning saw a couple of the wonderful parents get up early and have the breakfast feast of bacon and eggs ready to go for everyone. Breakfast done and it was onto the serious business of training and timing sessions over at the track. This allowed valuable follow up lap times for some athletes and new times for others. It also gave those riders in Junior Elite and Elite to master the challenge of the 8m start ramp. Something we do not have yet in WA, but are working towards it to allow our 14 year and over riders the chance to train at home on the big ramp. Then it was time to depart back to WA, for athletes back to school, university and work, and for parents a well-deserved rest.

Shepparton BMX Club was next on the National Series for round 2 in early February, again a big group of 24 WA riders head to the east coast.

The big Bathurst track and dual start ramps was next on the list, with both the 8m and 5m ramp ready for action. There was also the UCI Oceania Championships round at Bathurst, again giving WA riders the chance to race against international athletes. With a couple of riders out due to injury, a smaller group of only 15 WA athletes attended this round.

Round 4 saw the end of the series head up to Cairns – the weather was certainly no cooler than in the past, and does take a day or so to get used to. With 154 riders heading into the event, the first day was going to be challenging as always with the tropical weather. Nearly all WA athletes made it into the top 8 positions on the first day. BMXWA squad athletes headed out to the waterfalls after racing for a quick cool down.

Overall top 8 National Series rankings are as follows:

Elite Men	Brad Game	6 th place
Elite Women	Rachel Gaskin	5 th place
Junior Men	Kyle Green	3 rd place
15 Boys	Corey Taylor	1 st place – special mention to Corey taking out 1 st place 2017
15 Boys	Jackson Tatham	6 th place
15 Girls	Hayley Hughes	5 th place
14 Boys	Blade Cherubino	4 th place

(All rounds to be completed in order to qualify)

Congratulations to all WA athletes who made the journey to the east coast for the BMX Australia National Series.

The new Board of BMX Australia has decided from 2018 onwards the National Series truly will be a National event, with all states playing host to a round (exception to this is if the National Championships are in their state)

The National Series allows WA riders the chance to race against some of the best athletes in BMX, not only from Australia, but at some events international riders as well. With the high cost of travel to the east coast, WA will also look for travel sponsorship and fundraising opportunities in the future. The National Series is a stepping stone in the BMX pathway to gain valuable results, and for riders looking to qualify for selection into the World Championships.

EVENT REPORT

NATIONAL CHAMPIONSHIPS

2017 saw athletes and their families head back to Brisbane and the Sleeman Sports Complex for the BMX Australia National Championships. For some it was a whole new experience, for others it was a chance to make improvements from the years before when the Nationals was held at Sleeman. No matter what – WA athletes were going to give it their best, and aim for a National plate over the week-long event.

A group of no less than 183 entries from WA touched down in Brisbane ready for the event.

It was an action packed week starting off with the Pre National events, followed by Crackerjack and Dynamites and then the finish of the challenge and championship classes.

WA athletes managed to get in a private session prior to the event to get the track dialled in, with most coming out of it unscathed. Unfortunately a few injuries took a couple of WA riders out of the event for the week.

Our Crackerjack team – made up of selected WA riders aged between 9 and 10 came home with 2nd place overall. The Dynamite team consisting of riders aged 11-13 years of age were close behind with 3rd place overall. Congratulations to all riders and coaches on a fantastic result.

Dynamite and Crackerjack Teams 2017

The State Challenge Team and the State Championship teams both performed well with 4th place overall. Another great result for WA riders.

The remainder of the week saw many thrills and spills and a whole lot of action. Our riders put in a huge effort and did WA proud with 51 riders finishing with a top 8 ranking in Australia and bringing home National plates. Overall it was a great week of racing at an amazing facility, congratulations to all WA riders who represented our State at the event.

All of the WA BMX community is extremely excited and looks forward to the BMX Australia National Championships heading west in 2018 to be held at the Bunbury BMX Club.

EVENT REPORT

WORLD CHAMPIONSHIPS

A group of 33 WA riders and their families headed over to the USA for the UCI BMX World Championships, held at Rockhill, South Carolina in July. Part of a 300 strong group of riders from Australia, they looked magnificent in their green and gold jerseys, with a new design initiative from BMX Australia to include a few of our native animals. The facility and track were outstanding. The weather on the other hand took some time to get used to. Hydration was a very big part of the week, not only for riders but parents as well. This was the biggest World Championship event to be held in some time. Lightning also played a part in some of the days being shorter than some riders would like, but the event was so well run that it did not play a part at all. Everyone got on with the job of racing for the top spot in their age groups and did their country and Western Australia proud. Congratulations to Corey Taylor placing 6th in the World.

STATE SUPER SERIES

The State Super Series for 2017 took off in January, with Southern Districts hosting round 1. The BMX Sports Western Australia Super Series is part of a 10 round series for 2017. With a big year planned for riders to travel around the State to gain valuable experience and racing against the best riders in WA. Each event saw no less than 400 entries.

The introduction of the timing system in the previous year meant riders could now start to compare their start ramp reaction times and full lap times from prior events, and gauge their improvements over time.

Ezeventing – a standalone results website, continues to play a major role for athletes and parents to access moto draws, and results throughout the day via smartphones and tablets.

The invaluable improvements in technology from the transponder timing system, the finish line camera system and online entry and results makes our events more efficient and accessible to everyone.

With online volunteer officials registration now taken up almost 100% prior to each racing event, the 60 volunteers needed each day to run the events is a much simpler task. In future all officials' names will also look to be uploaded directly into the BMX Australia events portal to allow tracking of volunteer official jobs completed for ongoing accreditation management.

The valuable help from all volunteers at events goes without saying, the events would not run without them. We would like to thank everyone that has assisted throughout the year.

A new initiative for the volunteers at Super Series from this year has been to award the VIP Volunteer of the day at each event. Access to all volunteer names is now a simple task due to the online registration system. All names are added and by random draw 1 person is selected as the recipient at each event. The award is presented during the day, and generally their photo is posted on social media by the end of it. A small way to recognise the volunteers that give up their time to assist in the running of the events for their riders.

The online nomination event system continues to make small improvements, and provide ease of use for entry. We now have the ability to include more than 1 rider and make 1 total payment all in one transaction. Instant confirmation by way of a receipt to your nominated email is delivered, riders and parents also have the opportunity to check other riders entered within the same system.

EVENT REPORT

STATE SUPER SERIES

Numbers continue to increase at the grass roots level with Mini Wheeler and Sprocket classes averaging around 25 riders per event in the Mini Wheelers and around 60 sprockets per event.

The 8 boys and 9 Boys novice classes also had big numbers over the season with over 44 riders racing during the year. Coming in a close second was the Pro Open Men (14+) age group class with 42 riders over the season racing at various events.

Continued training on the computer scoring program BEM and transponder timing system will be ongoing as volunteers come and go, new people are always there to be upskilled and trained in the operation of these valuable tools for racing, not only at State events, but weekly club racing as well.

All Clubs that have hosted a round of the State Super Series this year have done a fantastic job, and should be congratulated. The hours of track and facility preparation is enormous. Running of the canteens to enable good healthy food at all events is another mammoth task on the day and in preparation beforehand.

The final round of the Super Series has been completed for 2017. We now look forward to the awards ceremony to be held at Adventure World in early December to present all the hardworking riders their rewards from the year of racing. This also allows us the opportunity to present special awards on the day as well.

EVENT REPORT

STATE CHAMPIONSHIPS

BMXWA State Championship host club for 2017 was Southside BMX Club in Bullcreek. Having hosted the event a few years before, made it a little easier in the preparation and lead up, but certainly no less amount of time was put into it by the tireless group of club members and volunteers to get the facility and track ready to race.

With a record number of just over 800 entries for 2017 it was going to be a big event. All classes were subscribed, which meant some hard and fast racing was about to get underway.

We would again like to take a moment to thank all the volunteers and officials that assisted throughout the 3 day event. A new initiative as directed by the clubs for BMXWA in 2017, was to allocate marquee spaces per club. From all accounts so far this proved to be a success, allowing clubs, families and their marquees to be set up in the days prior to the main event.

Day 1 of racing saw the formal preceding with the Opening Ceremony get underway with Mr Yaz Mubarakai MLA, WA Labor Member for Jandakot completing the opening speech. We were then highlighted with the delightful voice of Milla Look who would sing the Australian National Anthem in a Capella.

Formalities out of the way and it was down to business with racing for the Mini Wheelers, Sprockets and Cruiser riders.

No less than 30 Mini Wheelers took to the track with their very own purpose built start gate to get the day started. What a fantastic achievement to have so many 2-4 year olds out racing their balance bikes, some at their first ever major event.

The faces of these little future BMXers is priceless, there is no less effort and determination from them, than the older riders. Cameras from parents and families were flashing in all directions to capture invaluable memories of their riders at the State Championships. There was plenty of cheering from the crowd as well. We had a special visit from the President of BMX Australia at the event, and put him straight to work, handing out all the awards for the Mini Wheelers.

Mini Wheeler trophy presentations State Championships

EVENT REPORT

STATE CHAMPIONSHIPS

Next to take to the track was the Sprocket and Cruiser riders. Another record amount of riders in the Sprocket classes, ranging in age from 5-7 years. We had 120 Sprocket riders all together, who race for participation awards at the end of the day. We had so many sprockets we had to split the presentation ceremony and present the cruisers awards afterwards.

The racing is spread across the day for all classes, racing consisting of 4 qualifying motos and finals.

Cruiser bikes have a larger wheel size of 24" as opposed to the standard bmx bike with a 20" wheel. Frame sizes vary in accordance with the size of the rider.

With 11 different age groups in both male and female and ranging in age from 8 years of age up to 45+ years of age, the race was on.

Some fierce competition in the 12 and under girls cruiser class, with all riders coming from country clubs, this would be some of the first times these girls have raced each other. Riders receiving awards in the top 8 for each class, also receive the honour of wearing their ranked place on their number plate for the next 12 months.

The older age classes also put on a fantastic show, racing as hard in the finals as they ever had before to look forward to taking home the coveted number one trophy.

The race day was ended off with trophies being presented to all sprocket and cruiser classes and it was time for the winning smiles to come out for their photo sessions.

Day 2 of racing was about to get underway, but first the awards presentations and the riders parade. A sea of colours for each club, as they all marched in their club colours, waving banners and balloons. It was a close call, but Hedland BMX Club proudly took home the award for the "Best Presented" club in the parade. Our next official award was for the "Best Represented" club, and again for the third year in a row this award went to Hills BMX Club. Congratulations Hills. Next on the program was the 10/15 year and we even had a 25 year award. Awards are presented on consecutive number of State Championships entered and raced. What an excellent achievement.

EVENT REPORT

STATE CHAMPIONSHIPS

Riders started off the day with practice, as rain clouds seemed to circle the venue all competitors would ease into the day and adjust to the changing weather. Girls from the 8 year old class were the first to hit the track, with some fast paced action. With riders coming from all over the State, as far north as Port Hedland, east out to Kalgoorlie, and south down to Cowaramup.

Numbers for the junior classes continue to rise not only at State Championships but throughout the year at Club meets and Super Series events. With no other sport that a child can start from the age of 2 years it is a fantastic way to start off their young life riding a bike, with the dream of maybe one day representing Australia at the Olympics

Saturday morning also played host to our State Squad members autograph signing session, athletes were on hand to sign posters and hand them out, along with some selfies with their fans and families.

Some of the 2017 State Athlete Development & High Performance Squad

The biggest number of riders in their classes again goes to the younger age group with 10 boys having an enormous group of 43 riders in their class. The Southside BMX track is tighter and more technical, providing close racing, and a lot of action.

Racing up through the age groups it was on for young and old to make it into the final round. Riders in the 20" class range in age from 8 up to 50+ years in both male and female classes. Months of preparation and training go in from the riders to claim their rewards at the end of the day, with a sea of spectators surrounding the track to get a glimpse of the excitement.

Volunteers play an imperative part at all our BMX events, and with well over 100 volunteers and officials assisting throughout the weekend, a big Thankyou goes out to you.

BMXWA would like to thank Southside BMX Club for the fantastic effort put in not only during the event, but also the lead up to the event. Very well done. Those that have hosted State Championships before would understand the enormous time and effort put into maintaining the track and facilities leading up to the event.

Onto presentations for the second day and we had another 200 plus trophies to be presented to the 8 year and above categories.

2018 will see the State Championships venture out of the metro area and head to Eastern Goldfields BMX Club in Kalgoorlie. We look forward to working with the club and members to make this another memorable event.

Elite Female Winner: Catherine Hopkins

Junior Men Winner: Mitchell Pianto

NORTHWEST SUPER SERIES

2017 was another big year for the Northwest Super Series events, and again saw all four clubs in the Pilbara region ready to host another round. Entries increasing in the event to well over 200 at each round is fantastic. Officials and members all pitched in to assist in volunteer roles from scoring, staging to canteen helpers and commentators. This is an excellent way for riders in the Pilbara and surrounds to race at other clubs, which is not always possible, due to the great distances between them.

OFFICIALS

Officials and volunteers are the backbone of our Clubs and drive them to succeed and are at all levels from Club up to National level.

We would like to take this opportunity to thank all Volunteers that have worked tirelessly throughout the year, either at Club level with track maintenance and changes, to canteen duty and regular club racing events and many other roles around the club or State Super Series throughout the year and also at this year's State Championships. We also have a group of volunteers that attend National events throughout the year to maintain their accreditation levels.

Congratulations and Thank you.

Volunteer officials at Super Series events are awarded with a VIP Volunteer of the day award at each event. Club volunteers as well as the overall Official of the Year will be recognised at the Annual Awards Ceremony to be held in December.

Members have the opportunity to start with a free online Level 1 Officials course, outlining the basics of being an official at club level and gaining accreditation at the completion of the online course. Those interested can then work up to the accreditation for a Level 2 BMX Official which involves a half day course of theory and then another half day of practical before gaining their certificate. Those with the desire and dedication to do so can also work towards gaining a Level 3 National accreditation, with further opportunities to gain UCI World and even Olympic accreditation.

COACHES

*Coaching is unlocking a person's potential to maximize their own performance.
Its helping them learn rather than teaching them. (Timothy Gallwey)*

Coaches at all levels play a vital role in preparing riders from junior grassroots level up to elite level. We have a dedicated group of coaches across all levels of accreditation in WA.

BMX Coaching Definitions

An accredited coach can work with all riders of any age and ability; but must remain inside the scope of the skills they are accredited to deliver.

A Trainee Level 1 Coach can coach Level 1 skills once they have completed their 10hrs of assisting a Level 1 accredited coach. However, an accredited Level 1 Coach must be in the vicinity of their coaching session, be aware it is taking place and sign the Log Sheet as the supervising Coach.

Riding for FUN - the role of the coach is to:

- increase participation
- encourage athletes to have fun while learning fundamental skills

Typically the Rider will be at mini-wheeler, sprocket or just starting out/entry level BUT a BEG coach can work with Riders of any ability within the scope of their accredited skills.

Riding to RACE - the role of the coach is to:

- prepare and introduce Riders to racing including building fitness, developing and refining skills.

Typically the Rider will be at club level through to state/territory championship level.

Racing to WIN - the role of the coach is to:

- develop and support higher performing Riders who are competing at BMX National Championships.

A Level 2/Racing to Win Coach has the underpinning knowledge for coaching an emerging elite young Rider who seeks to represent Australia at Junior or Elite international events.

A Trainee Level 2 Coach may coach the same skills as a Level 2 Coach.

INDEPENDENT REVIEW

Scope

The Financial Report and Committee's Responsibility

BMX Sports WA

The Treasurer is responsible for the preparation and true and fair presentation of the financial records and has determined that the accounting policies used and described in Note I to the financial statements which form part of the financial report are consistent with the financial reporting requirements of the Associations Incorporation Act and are appropriate to meet the needs of the Members. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

Review Approach

We conducted an independent review in order to express an opinion to the members of the Organizations. Our review was conducted in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an review is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore a review cannot guarantee that all material misstatements have been detected. We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Associations Incorporations Act, including compliance with Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding

AUDIT REPORT

of the association's financial position, and of its performance as represented by the results of its operations and cash flows.

We formed our opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the committee.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Review Opinion

In my opinion, the accounts of BMX Sports WA , as described in the financial report presents in accordance with the accounting policies described in Note 1 to the financial statements , give a true and fair view of the financial position of the organization and the results of its operations for the year ended 30th June 2017

AUDIT REPORT

SCM Accounting & Taxation Services **Public Accountant Registered Tax Agent**

BMX Sports WA

This financial report is a special purpose financial report prepared in order to satisfy the requirements of the organization to prepare a financial report. The Treasurer has determined that the organization is not a reporting entity. The financial report has been prepared in accordance with the requirements of the following applicable Australian Accounting Standards:

AAS 1 : Profit and Loss or Other Operating Statement
AAS 5 : Materiality
AAS 8 : Events Occurring after Reporting Date

No other Australian Accounting Standards, Urgent Issues Group Consensus Views or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report is also prepared on a cash basis and is based on historical costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

FINANCIAL REPORT

BMX SPORTS WESTERN AUSTRALIA INC

ABN: 38 819 688 320

FINANCIAL REPORT

For the year ended 30 June 2017

BMX SPORTS WESTERN AUSTRALIA
ABN: 38 819 688 320

DIRECTORS REPORT

The directors present their report together with the financial report of BMX Sports Western Australia Inc for the year ended 30 June 2017 and auditors report thereon.

BOARD MEMBER NAMES

The names of the Board members in office at any time during or since the end of the year are:

Warren Edwardes – President

Penny Ainger (appointed June 2017)

John Bennetts

Des MacCormack

John Regali

Don Thomas

The board members have been in office since the start of the year to the date of this report unless otherwise stated.

RESULTS

The Profit/Loss of the Association for the year after providing for income tax is \$18,417

REVIEW OF OPERATIONS

The Association continued to engage in its principal activity, the results of which are disclosed in the attached financial statements.

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the Associations state of affairs that occurred during the financial year, other than those referred to elsewhere in this report

DIRECTORS BENEFITS

No Remuneration is paid to any director as they are all voluntary positions.

PRINCIPAL ACTIVITIES

The principal activity of the Association during the year was the promotion and administration of the sport of BMX Racing in Western Australia.

No significant change in the nature of these activities occurred during the year.

Signed on behalf of the members of the Board:

Board Member

Warren Edwardes

Chief Executive Officer

Tania Wehr

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2017

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared in order to satisfy the financial report preparation requirements of the *Associations Incorporations Act 2015 (WA)*. The board has determined that the Association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs, which do not take into account changing money values or, except when specifically stated, current valuations of non-current assets.

The financial report was approved by the board as at the date of the board report.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report.

(a) Revenue

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transactions can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

Revenue from the rendering of services is recognised upon the delivery of the service to the customers.

All revenue is stated net of the amount of goods and services tax (GST)

(b) Government Grants

Government grants are recognised at fair value when there is reasonable certainty that the grant will be received and all grant conditions met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, cash management and term deposits with an original maturity date of five months or less held at call with financial institutions.

BMX SPORTS WESTERN AUSTRALIA INC
ABN: 38 819 688 320

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2017

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Property, Plant and Equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciations and any accumulated impairment losses.

Plant and Equipment

Plant and Equipment is measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the board to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected not cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to present values determining recoverable amounts.

Depreciation

The depreciable amount of all fixed assets are depreciated over their estimated useful lives commencing from the time the asset is held ready for use.

(e) Impairment

Assets with an indefinite useful life are not amortised but are tested annually for impairments in accordance with AASB 136. Assets subject to annual depreciation or amortisation are reviewed for impairment whenever events or circumstances arise that indicates that the carrying amount of the asset may be impaired.

An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use.

(f) Leases

The only leases currently operated through BMX Sports Western Australia are leases for the purpose of the use of office space.

BMX SPORTS WESTERN AUSTRALIA INC
ABN: 38 819 688 320

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2017

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Employee entitlements

Provision is made for the Association's liability for employee entitlements arising from services rendered by employees to the reporting date. Employee entitlements for wages and salaries, annual leave, and long service leave have been measured as follows:

(h) Annual Leave

This benefit is recognised at the reporting date in respect to employees' services up to that date and is measured at the current remuneration rate, applicable to each employee.

(ii) Long Service Leave

Leave benefits are calculated at current remuneration rates and based on the accrued liability to the reporting date. A liability for long service leave has been recognised from the commencement date of each employee based on the need to recognise the contribution to this future expense, from funding received. An actuarial assessment of long service leave has not been undertaken. It is considered that this treatment of the liability for long service leave provides a conservative provision where future funding levels are uncertain.

(iii) Superannuation

BMX Sports Western Australia contributes to superannuation funds of the employee's choice in compliance with the Commonwealth Government's Superannuation Guarantee (Administration) Act 1982. All these funds comply with the legislation applying to administration of superannuation and retirement benefit arrangements, specifically with regard to the preservation of employer contributions and the portability of funds to alternative providers.

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(j) Comparatives

Comparative figures have been enclosed in this financial report.

(k) Rounding of amounts

Amounts in the financial statements have been rounded to the nearest dollar.

BMX SPORTS WESTERN AUSTRALIA INC

ABN: 38 819 688 320

STATEMENT BY THE MEMBERS OF THE BOARD

The Board has determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the board the financial report as set out on pages 1 to 12

1. Presents fairly the financial position of BMX Sports Western Australia Inc. as at 30 June 2017 and performance for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that BMX Sports Western Australia Inc. will be able to pay its debts as and when they become due and payable.

This decision is made in accordance with a resolution of the Board and is signed for and on behalf of the Board by:

Board Member

Warren Edwardes

Chief Executive Officer

Tania Wehr
