3. As per BMXA Rule Book– Interlocking pedal-cleat systems are not to be used by Novice, Sprocket and age classes 12 & under at any event.
4. As per BMXA Rule Book - A competitor in all classes other than participation classes (Novice, Sprockets and Mini Wheelers) may ride in any age class above their racing age up to the pinnacle class. 5. Riders must compete in 4 out of the 6 rounds to qualify for the 2020 Super Series.
6. A riders overall series placing is determined by the riders best four (4) results from the series.
7. 4 Riders constitute a Class.
8. All events will be run as age at 31 Dec 2020 (Year of Birth) including Sprockets. (*Superclass*, 16+ year of birth) 20" (eg must be turning 16 this year)
9. A condition of entry is that all riders use the correct coloured number plate corresponding to their class, with their BMXWA allocated number.
Plate Colours
 - Sprockets - Orange Plate Black Numbers
 - Novice - Green Plate and White numbers
 - Expert Age - Yellow Plate and Black Numbers
 - Girls Age - Blue Plates with White numbers.
 - Cruisers - Red Plate with White Numbers
 - Note: Only riders with an Elite UCI permanent number can ride with White plate, Black numbers in a Superclass event.
10. The events will be run as novice and expert classes. Exception is 8 (eight) year class where there will not be a distinction between novice and expert. Novices may choose to move up to Expert at any time, however once they do so they cannot go back down. Novice classes will cease once a rider is classified as 14yrs of age.
11. All riders should remain in the same class for the entire season. Exception to this rule is when classes are merged.

12. Novice riders must ride as an expert once they have achieved one of the below: (refer BMXA rule book)
 - (a) Top 16 at the National Championships
 - (b) Top 8 at any of the National series rounds
 - (c) Top 8 at a State Championships

Riders who must transfer to Expert will be published on the BMX Sports Western Australia web site.

14. Bonus points will be allocated (32) for the Woorree Park round, this being the furthest round from the Perth GPO and in excess of 400kms.
15. Superclass (money class) is open to all riders who are turning 16 in 2020 (must be 15 already & turning 16 this year) for both male and female. (16+ Year of Birth) Superclass riders may enter a second class and in the interest of fairness to all competitors, riders will be required to participate in all semi-finals and finals at each race meeting. (Riders failing to enter the semi-finals will not be awarded prizemoney)
16. Superclass (money class) riders will not be permitted to return to voucher classes.
17. Riders entering the Series after the second (2nd) round must nominate in a class that has already been subscribed in the previous rounds. Classes will not be created after round 2. Classes that are undersubscribed at the completion of round 2 will be appropriately combined for the remainder of the series.
18. As this series will be scored using MyLaps Transponder Systems, all riders are required to have a transponder (as hired and allocated or owned) (exception Sprockets and Mini Wheelers do not require transponders and Novice classes are not compulsory) affixed to the front right hand fork as close to the wheel axle as practical. It will be the rider's sole responsibility to ensure that the CORRECT transponder is affixed to their bike. Failure to adhere to this will result in the rider not being credited with having competed in the race. Any rider who starts in a heat without a transponder or active transponder shall be scored as "Did Not Finish" (DNF).
19. ALL Riders will need to attend registration at each event. *If a rider does not attend registration their entry will be removed from the event. A rider must be scored in at least 1 moto in order to use an event as a qualifier. Riders with DNS (did not start) in all moto results (0) will not be included as a qualifier.*
20. A rider that has been assigned a hire transponder will then be required to attend the Transponder collection and fitting station. There will be assistance available for those that require it. Once the transponder is fitted to the bike the rider must pass over the detection loop to verify that the transponder is in working order and has been assigned correctly. A collection station will be set up to return transponders for those riders not participating in the finals.
21. ALL hire transponders are to be returned at the end of each event. **Failure to return the hire transponder will incur a charge of \$150 each.**
22. In the event of a rider owning their own transponder they are still required to attend registration. It is recommended that they still attend the fitting station and pass over the detection loop to verify that the transponder details are correct.

23. If a rider has changed their bike for whatever reason during the event, they need to fit the allocated transponder to that bike. If a bike is shared then the scorers must be notified in sufficient time for the details to be amended prior to them competing in the next race.
24. Riders entering an event and are injured during practice and unable to complete the race will be scored as a (did not finish) DNF. A parent or guardian is to advise scoring before leaving the event venue. *Approval will be required by the Race Director on the day.*
25. Riders entering Voucher Class may **ONLY** use their BMXWA allocated plate number. (ie: may not use World, National or State Ranking plate).
26. Riders that choose to ride up in Age Class **may NOT** return to their actual age class in Voucher. eg: A rider that is 10 years old and is racing up in 11 Age Class, may not return to race in the 8-10 Voucher Class, should they choose to race voucher it will be in the 11-12 Voucher Class **ONLY**.
27. Event refund – Riders who have entered an event will be entitled to a medical only refund. Riders will need to produce a medical certificate to BMXWA within 1 week of the event. The refund is for entry fees only and does not include any online transaction processing fees.

- Riders will be scored 1 – 8, according to their position crossing the finish line.
- If a nominated competitor does not start in their moto, then the race sheet will be marked “CR” (Credit) for the 1st instance then further did not starts will be marked “DNS”. Riders with two consecutive “DNS” results are not eligible to transfer to the next stage of racing. DNS scores last place plus 2 points.

- A rider must be scored in at least 1 moto in order to use an event as a qualifier. Riders with DNS results will not be included as a qualifier. Any rider that does not register by the allocated time will be removed from the start list for the day. A rider may not register or have someone else register for them, knowing they are not going to ride. You must start in at least one race at the event to qualify.
- The results for any semi-finals held, must be entered onto the scoring sheet as riders who race in any semi-final will have that result added to their scores when the results are compiled for the Super Series.
